TEACHERS BEGIN TO COME TONIGHT

RECEPTION COMMITTEE AT LINVILLE FOR 400 GUESTS.

INTEREST GROWING IN WOMEN'S MEETING

Farm Institute and Pedagogues' Association in Full Swing Tomorrow Morning.

The teachers of Nodaway county and 100 of the teachers from Gentry county will arrive in Maryville tonight and early in the morning, ready for the opening of the meetings of the Teachers' association tomorrow morning.

A reception committee of Mrs. A. R. Perrin, Miss Hettie M. Anthony and Miss Mildred Miller will be at the Linville hotel tonight as the trains arrive to give the teachers any information they may desire, particularly that of securing rooms in private homes.

Most of the exhibits are being placed in the west gymnasium of the Normal, which is being decorated in green and white, as is also the auditorium.

R. A. Kinnaird of the Normal and Mr. Childers of the University of Missouri will judge the corn and agricultural products, and Miss Hettie M. Anthony will judge the domestic science products.

There are several classes of exhibits in the Agricultural and Domestic Science association contests which are open to all boys and girls, men and women of Nodaway county, it being unnecessary to be enrolled.

The impression seems to be that it was necessary to be enrolled before an exhibit could be made, but the association has offered several general classes for this purpose and the farmers are invited to come on in with their corn, grain, seeds, fruits and other farm products.

The Baptist ladies will have charge of the banquet which will close the institute. Tickets are now on sale and may be secured by either men or women. The price is 75 cents and not $1, as was erroneously stated elsewhere It will begin at 6:30 o'clock in the Normal school library. The number is limited to 250.

Joint Session to Hear Waters.

The teachers will meet tomorrow morning in a joint session of the Farm Institute and Teachers' association, in which President Waters will be the principal speaker. After separate sessions in the afternoon a free track meet on the Normal grounds will add a recreational feature to the events of the day. It will begin tomorrow afternoon at 3:50 o'clock.

Tickets for the declamatory contests to be held Friday night are now on sale at the Commercial club rooms and the office of the Normal. They are 25 cents. The lecture of J. Kelly Wright tomorrow night in the auditorium will be illustrated with "Missouri" as the subject. It will be free.

The crowds at the Normal this morning for the opening sessions of the Farm Institute were disappointingly small, but they had grown to a large crowd when the tractor demonstration began on Normal field at 2:15 o'clock. Three tractors participated in the demonstration and two plow companies were represented.

Lectures by M. U. Experts.

L. A. Weaver of the University of Missouri opened the sessions with an address upon the "Brood Sow and Her Litter." He discussed the food, shelter and general care of a sow before, during and after farrowing. Advice was given upon giving the young pig a good start in life that would insure its vigor and thrift.

He spoke again this afternoon upon "Rations for Fattening Hogs." He said that corn alone is shown by test to be an expensive pork maker. He told of the use of tankage, middlings, skim milk, oilmeal and other feeds, and how they may best be used as supplementary to corn. Mr. Weaver could be here only today.

L. F. Childers, also of the college of agriculture, followed Mr. Weaver with the subject "Soil Fertility." He said that the lecture was fundamental to all other kinds of farming, because it considered that out of which all farm products come, the soil.

Mr. Childers told of the composition of plants, their origin and their separate functions. The effect upon the soil of different systems of farming, as the rotation of crops were compared. He told how certain abuses of old-style farming affected the life and yielding power of the soil.

"Insects Injurious to Field Crops" was T. J. Talbert's subject this morning. The M. U. "bugs" expert told of the manner of life and methods of extermination of the chinch bug, Hessian fly, army worm, corn-root louse and others. The lecture was specially helpful to farmers because of the fact that Mr. Talbert discussed methods of extermination within the easy reach of every farmer.

A basket ball game between the seniors and juniors of the Normal, their annual clash, will entertain the visitors tonight.

BAINUM MOVES BUSINESS

FISHER GARAGE TO BE OCCUPIED BY UNION BUS LINE.

Sewell & Carter will be in Same Location—No Public Repair Work to Be Done.

E. H. Bainum, proprietor of the Union Bus line, and John H. Sewell, for Sewell & Carter, have leased the Robey garage, known as the Fisher garage, on West Fourth street, and will occupy the building next week. Jess Fisher, who has been running the garage at that place, is to quit business, this being his last week.

Mr. Bainum is to move his automobile buses and other equipment to his new place within the next few days, and also his office from the old bus barn, corner of Fifth and Vine streets. He intends to purchase several new cars for the bus service, so as to have the best equipment possible for his business. One reason for the change is to have a heated garage for his cars and then being uptown.

Mr. Bainum will probably rent his present place, as several offers have been made for it.

The Sewell & Carter stock of autos and implements will be moved to the new place, commencing tomorrow.

Their lease is out on the Holt building, where they are located now.

There will be no repair shop in connection with the garage except of doing their own work on their cars. They will still take in cars for storage.

Jess Fisher is undecided as to his future plans.

ANOTHER GERMAN ARRESTED

New Bomb Plots Discovered at Norfolk, Boston and Philadelphia—Prisoner Cool and Smiling.

Special to The Democrat-Forum.

New York, Oct. 27.—Max Breitung, who arrived in this city this morning from Chicago, has surrendered to the federal officers and is being held in connection with the bomb plots. When arraigned, he was cool and smiling.

He refused to make any statements and referred all inquiries to his lawyers. Additional federal marshals were rushed to Philadelphia, Norfolk and Boston when it was learned that plots to place bombs on ships in those cities had been discovered.

The moving of the old office building of the old Smiley lumber yard to a lot owned by "Shube" Woodard, on East Fourth street is being done today by Pliss and Gram. Louis Gram recently bought a half interest in the house moving business.

TO HONOR FOUNDER

REV. J. D. RANDOLPH TO SPEAK TO WAGE EARNERS NOV. 12.

PAUL PROSSER COMING

Famous Young Democratic Orator of Fayette to Accompany Pastor On Trip to Maryville.

The Wage Earners class of the Buchanan Street Methodist church will have as their guest of honor November 12, the founder, the Rev. J. D. Randolph, who was pastor of that church for two years, and who is now stationed at Fayette. All the Men's Brotherhoods of the various churches will be invited to join the Wage Earners in their reception to a former citizen.

With Mr. Randolph will come one of the leading young Democratic orators of the state, Paul Prosser of Fayette, who will speak on the program with the founder of the class. Mr. Prosser is an arts graduate of Central college at Fayette, after which he took the law degree from the University of Missouri. Mr. Prosser won the state inter-collegiate oratorical prize for Central College while a student there and then followed that victory by winning first place in the national contest of the inter-collegiate association. He has been a law partner of Attorney General Barker of LaPlata since the latter was elected to that office.

He was a candidate for the Democratic nomination for congressman from the Seventh district in the last general election. He spent all last summer upon the Chautauqua platform working under the Redpath bureau. Mr. Prosser is also being prominently mentioned as a candidate for attorney general of Missouri.

The Wage Earners will work out the details of their reception at their weekly meeting Friday night.

FIRST BASKETBALL

ANNUAL JUNIOR-SENIOR GAME AT NORMAL AT 8:30 TONIGHT.

SOCIAL CENTER AT M.H.S.

Game Will Be Held to Allow Pupils to Attend Both—Program by High School Seniors.

The annual junior-senior basket ball game of the State Normal school will be played tonight in the Normal gymnasium. It will probably be held until 8:15 o'clock or later, so that the pupils from the Maryville high school who desire to attend may get there.

The high school will hold their monthly social center meeting tonight, which was to have been held last Friday night. The members of the senior class will stage a mystery "movie" show as the chief form of entertainment.

For those who do not choose to go to the basket ball game a social time will be given. Miss Lois Halley has charge of the social center meetings each month at which the various clubs of the school get together.

The line-up for the game tonight will be:

Senior—Scarlett, c; Vandersloot, f; Leach, f; McClintock, g; Powell, g.

Junior—Scott, c; Lyle, f; Lollis, f; Wells, g; Garard, g.

The subs for seniors are McReynolds and Livengood and for the juniors Hefner, Sawyers and Caville. Coach George Palfreyman will referee the first half and Director of Athletics Walter Hanson will be referee the second. They will be floor umpire when not refereeing.

UP-STATE DRAFT HORSES BEST.

Fairs Prove Them Superior to Types in Southern Counties.

The animal husbandry department of the University of Missouri has found, through its visits to the fairs throughout Missouri, that the northern part of the state produces a much better grade of draft horses than the southern part of the state. South of the Missouri river the draft type gradually blends with the lighter type. As the cotton district is reached, the horse is supplanted by the mule. The reason for this is that much heavier farming is carried on in the more level counties of the north, necessitating the heavy draft animal.

CANNOT HOLD OUT

INVADERS ARE ADVANCING AT ALL POINTS IN SERVIA.

NORTH PART OF COUNTRY

In Hand of the Enemy—Bulgarian Reverses Reported in Balkan Dispatches to London.

Special to The Democrat-Forum.

Vienna, Oct. 27.—It is announced that the northern part of Servia has been cleared of all Servians, and they have also been expelled from the mountains in the bend of the Danube. The invaders are advancing at all points. All of the Italian attacks have been repulsed with heavy losses to the Italians. The Russians maintain a steady offensive along the Style river in Galacia.

Servians in Hopeless Position.

London, Oct. 27.—The Balkan dispatches tell of Bulgarian reverses and the evacuation of Veles, Kumanova and Istib. But the Servians are considered in a hopeless position. The Austro-Germans are continuing their advance in the north of Servia. It is reported that the two forces have formed a junction. The French have occupied Sierteli in Bulgaria.

British Statement Tuesday.

London, Oct. 27.—The British government will make a statement on the conduct of the war next Tuesday, it was announced in the house of commons today. Premier Asquith is consulting with the French prime minister this week.

It was also announced that the British troops were at last taking an active part in the Balkans operations in conjunction with the French.

German-Bulgarian Wedge Meets.

Berlin, Oct. 27.—The Germans and Bulgarians have met at the point of the wedge which they have been driving into Servia. The joining of the forces was on the Danube in northeast Servia.

The village of Dobran was captured and the progress continued into all the northern part of the kingdom. The severest battle is in progress near Kniajevatz, where the Servians are making a determined stand.

Germans in Champagne District.

Paris, Oct. 27.—It is announced that the Germans have launched another offensive in Champagne in an effort to recapture La Courtin, but the attacks have all broken down. Activity has also been renewed near Areas.

Guests of Heffern Family.

Miss Nellie Conner and Miss Elizabeth Hogan of St. Joseph are visiting in Maryville for a few days with Mrs. M. Heffern and family.

KATY TRAIN HELD UP

Fifteen Bandits Blew Two Safes in Express and Escaped With Loot—Several Posses After Them.

Special to The Democrat-Forum.

Muskogee, Okla., Oct. 27.—Fifteen bandits held up the Missouri, Kansas & Texas limited at Onapa, near Euffala, today. They blew the two safes in the express car and escaped with loot, the amount of which is unknown.

Two men boarded the train up the line and compelled the engineer to stop as he entered Onapa in a woods where there were a dozen other bandits waiting. A few shots were fired into the baggage car, forcing the expressman to open the doors. The passengers were unmolested and the mail was not touched.

The train was held an hour and a half and then the bandits bade the trainmen good-night and started eastward. Several posses are in pursuit and bloodhounds from the penitentiary at McAlester have been set on the trail.

ARE "BUILDING" IT AGAIN

ST. JOSEPH, MARYVILLE AND NORTHWEST MISSOURI ON PAPER.

Surveys From End of Savannah Line and Presence of Promoters Revives Talk.

Talk of an electric road from St. Joseph to Maryville is being revived again, as will be seen from the following, which was published in today's St. Joseph Gazette:

Surveys preliminary, it is said, to the construction of an electric railroad from Savannah to Tarkio by way of Maryville and with Omaha as its ultimate destination are being made near Savannah. Furthermore, the rumor is abroad that steps already have been taken in the east to float the bonds necessary to build the road, and that everything is to be made ready to take advantage of the market for American securities which is expected to follow the war-order prosperity of the east.

There have been many surveys for electric lines in northwest Missouri and many efforts to build the lines. Ten years ago trolley lines to Maryville and Tarkio and to Stanberry were projected, and all but built, and the line now in prospect probably will make use of the old survey of a decade ago.

As the surveyors are running lines to the terminus of the St. Joseph-Savannah interurban, it is taken for granted that it is proposed to run the cars into St. Joseph over the present road.

While no effort has been made, so far as has been learned, to obtain a right-of-way for the projected line, that fact does not invalidate the rumors that are afloat, as the land owners along the route long have courted the line and there probably would be no trouble in getting the necessary roadway.

Inquiries at Savannah yesterday failed to reveal the persons behind the survey, although the survey itself had caused a good deal of comment. Prominent men of the town—those who usually see the shadows of forthcoming events of local import—professed to be in entire ignorance of the moving forces in the survey, but it was learned in St. Joseph that men of large affairs were interested and that a representative of these is now in New York City, carrying on negotiations for the sale of bonds.

Change in Fern Program.

The "Victory of Virtue," which has been advertised as coming to the Fern tonight, was missent in transit and will not get here till a later date. A hurried call to Kansas City by Manager James Ells secured a six-reel feature by Gladys Hansen and G. Soule Spencer, "The Climbers."

Old S. O. Building Razed.

The old building of the Standard Oil company is being torn down today as the new buildings are ready for occupancy. An improvement of $4,000 has been made in the plant.

MISS NIELSEN GIVEN OVATION

PRIMA DONNA CAPTURES 1,200 WHO CROWDED CHURCH.

FINANCIAL SUCCESS OF LYCEUM ASSURED

Great Star Attracts Large Crowds From Distance and Fear of Deficit is Removed.

Miss Alice Nielsen and most of the people of Maryville, Nodaway county and Northwest Missouri, met last night for the first time. But if the prima donna gets many better ovations than she received last night she is indeed a fortunate singer.

The audience crowded the First Methodist church to the full, and made the hearts of the lyceum committee glad by assuring the financial guarantee of the whole course. Prof. George H. Colbert, speaking for the committee, announced that with $65 left from the course last year and an advance ticket sale of $1,350, any liability of deficit for the 1915 course is removed.

It is estimated by those in charge that close to 1,200 people were in the house. Single admissions at the door alone last night totaled $150. Mr. Colbert congratulated the people of Maryville for so showing their desire for the best things in music. He urged, however, for the sake of the committee of next year, that the people be quicker in their response to the ticket sale, so that the work and worry which the committee has had this year may not be necessary.

In his introduction of Miss Nielsen, Mr. Colbert said that the human voice was the harshest and the sweetest thing which God has given to men. "We are gathered here tonight," he said, "to be made better and happier by one of the sweet voices of earth."

And how truly he spoke. Miss Nielsen voiced her pleasure to friends after the program for the rare understanding shown in her introduction. And then the program, which for an hour and a half held a large audience in its charm. The spantaneity of the applause and the insistence of the encores was proof enough of their pleasure.

The prima donna was generous and gracious in her returns, singing two encores after two of the groups of songs. Her ease of manner and the absence of all affectation in both the singer and Mr. William Reddick, her pianist, also heightened the delight of their hearers.

Everyone has his or her favorite, of course, from among the program, but the numbers of the various suites of songs which received the most general applause were "The Weathercock," "Pourquoi rester seulette," Haiden Roslein" and "The Fairy Pipers." Among the encores, "The Land of the Sky-Blue Water" was probably most notable.

Maryville is glad that it does not say "Good-bye" to Miss Nielsen, but only "Au revoir." We shall never be satisfied until we have her with us again and again.

UNION TOWNSHIP ORGANIZING.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

Maybe the Columbia tax on the sale of cigarettes is the beginning of a movement in favor of the Missouri meerschaum.

Maryville may be a little slow in getting started, but the big house that heard Alice Nielsen Tuesday evening is evidence that our people know and want the best.

A son of former President Taft is making good on the Yale squad. When we remember the frame of his father we are drawn to conclude that his fame is not his only reason for making good in football.

Representative Boyd of Monroe county has announced that he will not be a candidate for re-election to the lower house of the Missouri assembly. This will leave the speakership of the next house open, and candidates are in order.

And now Henry Vogelman has quit the police board in St. Joseph. General Crandall seems to have determined on a general reorganization of the governor's forces in this part of Missouri. Is a new drive for the United States senate contemplated?

Cigarette "saloons" are the latest in Columbia, Mo. The city council there has placed a prohibitive tax of $250 yearly on all store selling either the "ready made" or the "makin's." This is a terrible blow to the university boys and cob pipes should enjoy an increase in popularity.

Head Stopped Up? Can't Breathe? Try the Vick Vap-O-Rub Treatment

Applied in Salve Form Over Throat and Chest Relieves by Inhalation and Absorption.

Vapor treatments are best for inflammations of the air passages. The vapors carry the medication direct to the inflamed surfaces without disturbing the stomach, as internal medicines will do. A very convenient vapor treatment is a good application of Vick's "Vap-O-Rub" salve over the throat and chest, covered with a warm flannel cloth. The body heat releases vapors that are inhaled with every breath, opening the air passages, loosening the phlegm, and healing the raw surfaces. For deep chest colds, first apply hot wet towels to open the pores. Vick's is then absorbed through the skin, taking out that tightness and soreness. 25c, 50c, or $1.00.

Gives Gold and White Luncheon.

Mrs. James B. Robinson was the hostess of an exquisitely appointed progressive luncheen, given at 1 o'clock today at the Robinson home, on West Third street, as a pre-nuptial courtesy to her niece, Miss Mildred Robinson, whose marriage to Edward Wright Gray takes place Saturday night. The guests, twenty-six in number, were seated at five tables and progressed from one table to the other with the serving of each of the five courses, the hostess at each table only remaining at the same place. Each table was spread with a cluny cloth laid over yellow satin and centered with a vase of yellow and white chrysanthemums. The place cards bore the names and table number to which they were to progress in gold letters and were tied with lover's knots of white ribbon. The luncheon service was of gold and white, and this color motif was carried out in detail. The guest favors were crystal water glasses with a picture of the bride done in miniature on the bottom of the glass. The bride-to-be was presented with a dozen filet lunch napkins as her favor. The guests were limited to relatives, the members of the bridal party and a few close friends. Mrs. O. W. Lawrence of Kansas City was an out-of-town guest.

The following Nodaway county men went to St. Joseph with cattle yesterday: C. Vulgamott, D. A. Hursh, Boyer & Plummer, Burlington Junction; E. E. Bartram, Skidmore; A. M. Sutton, Barnard; Con. P. Haynes, Arkoe; M. B. Sherlock, A. E. Cockayne, Maryville.
